Subject: Letter of Resignation

Dear Owen

I write to confirm acceptance of your email of 12th December resigning from the posts of Vice Convener and Chair of the Access and Planning Committee of the Loch Lomond and Trossachs National Park Authority with immediate effect.

I have also noted your comments in relation to Declaration of Interest at the meeting of 8th December, which you set out in a separate email of 12th December, and will follow the advice of our legal advisors to ensure that due process is followed in these circumstances. Finally I also accept your further request to be released from your role in the CEO recruitment process.

I will notify Board members of your decision today and work with the executive team to ensure business continuity until new Board arrangements can be put in place next year.

I know that in taking these decisions you have sought to act in the interests of the Loch Lomond and Trossachs National Park Authority and I am confident that this will be recognised and respected by Board colleagues.

Yours sincerely  
Linda McKay
