EIR Ref 2017/038

4th May 2017

Dear Mr Kempe,

REQUEST UNDER ENVIRONMENTAL INFORMATION (SCOTLAND) REGULATIONS 2004

I refer to your request for information, received by email on 5th April 2017.

We have applied the exemption under Section 39(2) of the Freedom of Information (Scotland) Act 2002 as we have determined that the information sought in your request is environmental information. We are therefore handling your request under the terms of the Environmental Information (Scotland) Regulations 2004 (EIRs). In this case the public interest in maintaining this exemption and in dealing with the request in line with the requirements of the EIRs outweighs any public interest in disclosing the information under FOISA.

Your specific requests and the response from the National Park Authority are provided below.

“Byelaw 10 provides for areas of land within the camping management zones to be exempted from the byelaws by the LLTNPA:”

“please provide me with a copy of the procedure/s you use to determine whether land should be exempt including any criteria the Park has in place to enable staff to make decisions.

To date, the Park Authority has not received any applications to exempt land under byelaw 10. The procedure for determining whether land should be exempt from the byelaws is in the process of being finalised, and has therefore been withheld from release under S10(4)(d) of the EIRs, as it comprises material that is still in the course of completion. This procedure, which includes the criteria used to make such decisions, will be released to the public in due course via our website.

The public interest in the release of this information has been considered. It has been concluded that there is a greater public interest in the Park Authority completing and making available a final version of this procedure. Decisions on any applications received for an exemption under byelaw 10 will be published in the weekly planning list which can be found on our website at:
<http://www.lochlomond-trossachs.org/planning/planning-applications/find-an-application/weekly-planning-lists/>

“please provide me with a list/description of all areas of land in the new/extended camping management zones which Park staff decided to exempt from the byelaws before they came

into effect on 1st March 2017 without requiring any action from landowners and the criteria by which this land was selected”

There were no areas of land exempted from the byelaws by the Park Authority before 1st March 2017. Accordingly I have to advise under S10(4)(a) of the EIRs that there is no information held.

“please provide me with a list/description of all areas of land in the new/extended camping management zones where the landowners/tenant applied to the LLTNPA to have the land exempted under Byelaw 10 before 1st March 2017 and the decision in each case”

There were no such applications received before 1st March 2017. Accordingly I have to advise under S10(4)(a) of the EIRs that there is no information held.

“please provide me with a list/description of all areas of land in the new/extended camping management zones where exemptions under Byelaw 10 have been approved after 1st March 2017 and in each case whether this resulted from an application from a landowner/tenant or was taken on the initiative of Park staff”

Decisions on any applications received for an exemption under byelaw 10 will be published in the weekly planning list which can be found on our website at: <http://www.lochlomond-trossachs.org/planning/planning-applications/find-an-application/weekly-planning-lists/>
I can therefore advise under R6(1)(b) of the EIRs that this information is publically available and easily accessible.

The Park Authority designated existing, established campsites within Camping Management Zones as exempt from the camping prohibition under the Byelaws. The following existing campsites were therefore issued with a copy of the attached notice of exemption which was applicable from 1st March 2017:

- Luss Camping and Caravan Club
- Ardlui Holiday Park
- Glenloin House Caravan Park
- Beinglas Farm Campsite
- Milarrochy Bay Camping and Caravanning Club
