EIR Ref: 2017/070

8<sup>th</sup> November 2017

Dear Mr Kempe

### **REQUEST UNDER ENVIRONMENTAL INFORMATION (SCOTLAND) REGULATIONS 2004**

We refer to your request for information, received by email on 11<sup>th</sup> October 2017.

In terms of process, we have applied the exemption under Section 39(2) of the Freedom of Information (Scotland) Act 2002 as we have determined that the information sought in your request is environmental information. We are therefore handling your request under the terms of the Environmental Information (Scotland) Regulations 2004 (EIRs). In this case the public interest in maintaining this exemption and in dealing with the request in line with the requirements of the EIRs outweighs any public interest in disclosing the information under FOISA.

Your request asked for camping permit system data headings, with redactions to personal information. This request is similar to a previous request made in June and will require all relevant documents to be examined and to undertake all necessary redactions to personal data logged on the system.

You also asked for a copy of the Loch Chon booking system data which is also similar to a previous request made in June and will require all relevant documents to be examined to undertake all necessary redactions to personal data logged on the system.

You also asked for all ranger patrol records since the byelaws came into force, which will require all relevant documents to be examined to redactions to personal data logged on the system.

Given the volume of the information identified that potentially falls within the terms of your request and the complexity of assessing and redacting a large number of records, we have to advise that it is necessary to extend the deadline for completing this response under Regulation 7 of the EIRs, as the request is both voluminous and complex in terms of the information requested. To allow us to complete a full review of the information and process this request properly, the revised deadline for responding to this request is therefore 7<sup>th</sup> December 2017.

We will follow up separately to answer the additional queries raised in your email, regarding Loch Chon and Operation Ironworks.

Yours sincerely
