

Postcard to the Park – more evidence of the destruction at Cairngorm

Description

Photo credit Alan Bratney

Dear CNPA,

If you want to know just how much material Natural Retreats removed from the bank below the Shielling ski tow without planning permission, this photo all the evidence you need. Hard to believe that HIE is now justifying this on the grounds that “the area around the base of the lift needed to be raised”. If this much material was required, surely someone should have realised this in advance?
