FAO Caroline Strugnell

Dear Caroline

Balloch and Haldane Community Council met on 7/9/22 to make their decision on whether we support or object to the Planning in Principle application ref no 2022/0157/PPP, Lomond Banks.

BHCC distributed 3,000 surveys to every household in our area, we received 410 responses, 103 in favour of, 305 against and 2 void, this equated to 25% in favour of, 74% against and 1% void. We did not feel this was a true local representation of the Community as only 10% of households had voted against.

BHCC have therefore made the decision to support the application having taken into consideration the Local Plan which was agreed by the Park-wide Community and Statutory bodies that the area concerned be zoned for visitor experience, however, this is not to say that BHCC will not object to the scale of the development as further planning applications are made for the finer details.

Regards

Gillian Clark
Secretary
Balloch and Haldane Community Council
